# Meeting Notes – Week 6

**Date:** Thursday 13 November 2025
**Attendees:**

- James Wannan

- Gurman Singh

- Gabriel Babusanu

- Oli

**Team Leader:**
Collaborative rotation

**Agenda:**

- Review of completed drafts and discuss interconnectivity between systems.

- Plan for the upcoming group presentation.

- Identify areas needing refinement (UI consistency, database linking, and feature testing).

**Progress Summary:**

- Gurman: Completed main functionality for the **Union Management System** and prepared for integration testing.

- James: Added final design improvements to **USU Student App** and linked login functionality.

- Gabriel: Finalised **USU Operation System** workflow and addressed feedback on system efficiency.

- Oli: Completed key features for the **Society Leader App** and began user feedback research.

**Next Steps:**

- Begin integration testing between all four systems.

- Prepare individual summaries for inclusion in the group report.

- Share presentation slides draft by **Tuesday next week**.
